**Prayer Prompt:**

Pray that God will give you wisdom and strength to reject or compromise with false teachings. Ask him to help you to walk accountable to the authority of Christ, His Word, and His church in all things.

**Understanding the Text**

Why did Paul meet privately with the leaders in Jerusalem?

What was at stake in the issue with Titus?

Why is it significant that the apostles “added nothing” to Paul’s message?

What does the “right hand of fellowship” represent?

**For Further Consideration and Application**

Is there a time you have been tempted to compromise the message of the Gospel, either for yourself or others? What happened?

Who has God placed in your life for spiritual accountability and encouragement?
